FOGGY BOTTOM'S OWN MALL

26th Street is to be Foggy Bottom's answer to the Mall—we can already boast of a lovely little park at the northwest corner of 26th and K Sts. and the grassy area on the other side of K St. (which overlooks the roadway below) is being treated similarly. New Yorkers aren't the only urbanites enjoying the pleasures of "vest-pocket" parks.

The most immediate advantage of the move, according to Chairman John Bailey, will be the ability to operate the 1968 campaign from a central point.

WASHINGTON'S DIRTY AIR IS TOPIC AT NEXT FOGGY BOTTOM MEETING

Did you know that: there are more cars per square mile in Washington than in Los Angeles, New York or Philadelphia, each one a source of air pollution? ...that an excess of 2,400 tons of trash is burned every day in Washington, much of

it openly or in particle-producing incinerators? ...that the level of pollutants in Washington air is such that an unfortunate coincidence of atmospheric conditions could lead to stagnation and toxicity, possibly subjecting us to "an acute epidemic of smog poisoning?" According to the D.C. Medical Society, "Exposure to (even) relatively low levels of urban air pollution over months and years predisposes people—even non-smokers—to chronic bronchitis, emphysema, lung cancer, pneumonia and chronic heart disease."

But we can substitute action for panic; Augustus C. Johnson, Chairman of the Greater Washington Citizens for Clean Air, who will speak at the May FBA meeting, has several concrete suggestions to give to those of us who are anxious to be-

CIVIC FEDERATION SPONSORS YOUTH ORCHESTRA CONCERT

The D.C. Federation of Civic Associations, Inc. and Friends of the D.C. Youth Symphony Orchestra will sponsor the orchestra's May Finale concert at Cramton Auditorium, 6th and Fairmont Sts., N.W. on Monday, May 29th at 8:30 p.m.

The city's most talented young musicians—including elementary through college students—participate in the 70-member Youth Symphony, which is directed by Mr. Lyn G. McLain. Proceeds from this concert will be used to enable six to eight students to continue their private lessons for one year. The scholarships will be awarded on the bases of promise and need.

Tickets range in price from \$5 to \$2; a limited number will be available at the door on Mon-

day evening, but inasmuch as quotas have been allotted to the member associations throughout the city, it would be better to contact Mr. Simon A. Douglas, 3510 18th St., N.E. (526-1797).

Mr. Johnson, presently research director at Booz, Allen Applied Research, in a recent statement before the Senate Subcommittee on Water and Air Pollution characterized GWCCA as "...an organization...deeply concerned with the problems of air pollution and dedicated to seeking solutions for those problems."

Every Bottomite is invited to the meeting Monday evening at 8 p.m. in Pillsbury Hall.
